Assessment and Reserve Funding Disclosure Summary

(1) The current regular assessment per ownership interest is \$_____ per _____. Note: If assessments vary by the size or type of ownership interest, the assessment applicable to this ownership interest may be found on page _____ of the attached summary.

(2) Additional regular or special assessments that have already been scheduled to be imposed or charged, regardless of the purpose, if they have been approved by the board and/or members:

| Date assessment will be due: | Amounts per ownership interest per month or year (If assessments are variable, see note immediately below): | Purpose of the assessment: |
|------------------------------|--|----------------------------|
| | | |
| | | |
| | | |
| | Total: | |

Note: If assessments vary by the size or type of ownership interest, the assessment applicable to this ownership interest may be found on page _____ of the attached report.

(3) Based upon the most recent reserve study and other information available to the board of directors, will currently projected reserve account balances be sufficient at the end of each year to meet the association's obligation for repair and/or replacement of major components during the next 30 years

Yes _____ No _____

(4) If the answer to (3) is no, what additional assessments or other contributions to reserves would be necessary to ensure that sufficient reserve funds will be available each year during the next 30 years that have not yet been approved by the board or the members:

| Approximate date assessment will be due: | Amount per ownership interest per month or year: |
|---|---|
| | |
| | |
| | |
| | |
| | Total: |

(5) All major components are included in the reserve study and are included in its calculations.

(6) Based on the method of calculation in paragraph (4) of subdivision (b) of Section 1365.2.5, the estimated amount required in the reserve fund at the end of the current fiscal year is \$____, based in whole or in part on the last reserve study or update prepared by ____ as of ____ (month), ____ (year). The projected reserve fund cash balance at the end of the current fiscal year is \$____, resulting in reserves being ____ percent funded at this date. If an alternate, but generally accepted, method of calculation is also used, the required reserve amount is \$____. (See attached explanation)

(7) Based on the method of calculation in paragraph (4) of subdivision (b) of Section 1365.2.5 of the Civil Code, the estimated amount required in the reserve fund at the end of each of the next five budget years is \$____, and the projected reserve fund cash balance in each of those years, taking into account only assessments already approved and other known revenues, is \$____, leaving the reserve at ____ percent funding. If the reserve funding plan approved by the association is implemented, the projected reserve fund cash balance in each of those years will be \$____, leaving the reserve at ____ percent funding.

Note: The financial representations set forth in this summary are based on the best estimates of the preparer at that time. The estimates are subject to change.

(b) For the purposes of preparing a summary pursuant to this section:

(1) "Estimated remaining useful life" means the time reasonably calculated to remain before a major component will require replacement.

(2) "Major component" has the meaning used in Section 1365.5. Components with an estimated remaining useful life of more than 30 years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.

(3) The form set out in subdivision (a) shall accompany each pro forma operating budget or summary thereof that is delivered pursuant to this article. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.

(4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

CODE EXCERPT (CIVIL CODE SECTION 1365-1365.6):

(b) Commencing January 1, 2009, a summary of the reserve funding plan adopted by the board of directors of the association, as specified in paragraph (4) of subdivision (e) of Section 1365.5. The summary shall include notice to members that the full reserve study plan is available upon request, and the association shall provide the full reserve plan to any member upon request.

(c) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars (\$75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.
